Election Statement:

IAN STANDEN BSc BArch RIBA

Ian Standen is an architect with over 25 years' experience in architectural practice and in higher education. Former Associate Director at the Welsh School of Architecture Project Office involved in the academic provision in practice within research and teaching undertaking projects providing live test beds for research derived ideas. Currently the Programme Director for the new Architecture course at the University of Wales Trinity St David in Swansea with a particular interest in design pedagogy; the creation of an accessible curriculum in sustainable design using current learning and teaching methods and linking architectural education with the needs of practice. Ian is keen to represent Wales with its particular needs of practice, combined with developing a vibrant, relevant education programme for architects in the 21st century.
