

RIBA Manchester CPD Roadshow

Date: **06 September, 2018**
 Time: **9:00am – 4:00pm**
 Venue: **Marriott Victoria & Albert Hotel,
 Water Street, Manchester, M3 4JQ**

A full day of CPD and networking with fellow professionals

RIBA CPD Providers Network and RIBA North West invite you to a full day's CPD. A unique opportunity for architects, and construction and design professionals to learn from members of the RIBA CPD Providers Network. You'll hear CPD Providers deliver RIBA-approved CPD and share their knowledge and expertise on a range of innovative products and the latest technologies.

- Attendance is free
- Wide range of topic areas
- Book up to five one-hour sessions
- Networking opportunities with fellow professionals
- RIBA-approved CPD presentations*
- All CPD seminars are delivered by RIBA CPD Providers Network** members
- Lunch and refreshments provided

Select a numbered seminar from each timeslot session and **book online at: ribacpd.com/cpdroadshow**

*All sessions are accredited under the RIBA CPD Core Curriculum in: Architecture for social purpose; Health, safety and wellbeing; Business, clients and services; Legal, regulatory and statutory compliance; Procurement and contracts; Sustainable architecture; Inclusive environments; Places, planning and communities; Conservation and heritage; Design, construction and technology.

**The RIBA CPD Providers Network is an industry force of over 500 companies and advisory organisations that provide RIBA-approved CPD to architects and other construction professionals.

'Very informative sessions with high quality speakers in an attractive venue and RIBA's high attention to detail make the event successful.'

Dinka Izetbegovic, delegate, London Roadshow January 2018

'This is an easy and enjoyable way for a sole practitioner or a small practice to keep up to date with new products and materials.'

John Melvin, delegate, Oxford Roadshow March 2018

9:30 - 10:30 session

Specifying the Correct Door Hörmann (UK) Ltd

This seminar offers guidance on specifying the correct door for the right application. It covers the types of doors available for both domestic and industrial applications, and looks at the features and points of consideration for each type of door. This seminar also helps the specifier to understand:

- The main differences between door types, including up and over doors, sectional overhead doors, roller doors and high speed doors.
- How to specify the correct door for the right application.
